Yours sincerely

Emma Radcliffe
Licensing Team Leader

Please Note:

This notice does not imply approval, acceptance or endorsement of the design by WorkSafe.

This notice applies only to the above design, which has been registered according to the above-named Regulations. WorkSafe has not verified that the designer has complied with the design obligations prescribed by the Regulations or the above mentioned technical standards or engineering principles.

The plant owner will require this confirmation and, therefore, a copy of it should be supplied to the manufacturer, so that it can in turn be provided to the supplier and owner with the plant or equipment.

The Regulations require the designer to keep and maintain, in a suitable state for examination, all records that the Regulations require for 7 years.

WorkSafe reserves the right to audit the registered design at any time to assess compliance with the above Acts and Regulations. If an audit is undertaken, WorkSafe may ask the person seeking registration or the plant owner or both to supply detailed information relating to the design of the plant. Design systems of work and documentation may also be audited. If an audit identifies non-compliance with the Acts and Regulations, all plant built to that design may require modifications and may be prohibited from use.

This notice is automatically invalidated if the design is altered to an extent that requires new measures to control risk. A person must not use, or cause or allow plant manufactured to

the altered design to be used at a workplace unless WorkSafe has confirmed registration of the alteration.

This registration is issued under Occupational Health & Safety (OHS) Act 2004 & OHS Regulations 2017. This notice will also be considered a notice of Prescribed Equipment Design under the *Equipment (Public Safety) Regulations 2017*.
