LS-RT25-35

Two-Wheel Drive
Rough Terrain Forklift

2,500 - 3,500 kg

LS-RT25-35

Two-Wheel Drive Rough Terrain Forklift | 2,500 - 3,500 kg

Liftsmart's 2.5-3.5T compact rough terrain forklifts with a two-wheel drive system, adopts Cummins and Yanmar diesel engines for superior performance, economy and longevity.

**Simple
Solid
Smart**

Reliability

- ✓ Suspension hydraulic transmission with two forward gears and one reverse providing faster speed and greater gradeability, wide-base and deep tread tyres, enhanced brakes and bearings and automatic locking differential and enhanced steering axle assembly provide ultimate traction during inclement weather and operating over rough surfaces
- ✓ Dual air filters with extra capacity combined with a radiator with serpentine wave provides optimised heat dissipation to keep engines cool and operating reliably even in heavy duty operations
- ✓ Oscillating steer axles allow individual wheels to drive over obstacles whilst keeping the truck and load level
- ✓ High ground clearance offers greater manoeuvrability keeps the truck moving across the roughest terrain
- ✓ The new vehicle controller integrates all electrical components providing excellent durability for temperature, water, vibration and oil filters during the most demanding operations

Environmental Friendliness

- ✓ Each model employs a specially developed engine for the optimum balance of power and superior environmental performance. All models are compliant with EU III and EAP III control regulations
- ✓ The environmentally friendly build materials include non-asbestos brake shoes and a new type of sealing gasket to improve environmental safety and to reduce noise levels

Productivity

- ✓ The new dynamic load sensing hydraulic steering system reduces the loss of hydraulic power and improves energy efficiency

Easy Maintenance

- ✓ Cover panels can be easily lifted to check brake fluid levels
- ✓ Two-piece floorboards are easily lifted and removed for access to the units powertrain
- ✓ Radiator cover fasteners can be easily hand turned to enable quick inspections and servicing

Comfortable Operation

- ✓ Throughout the units development operator comfort and ease of operation were considered paramount, improvements to increase productivity and reduce noise include:
 - Lower vibration levels
 - Engine dampener compound installed
 - Full floating seat and cabin
- ✓ Extra foot space is provided to reduce operator fatigue, whilst non-slip steps make entering and exiting the unit easier and safer
- ✓ Newly design mast provides greater forward visibility due to the larger distance between the inside mast

LS-RT25-35

Two-Wheel Drive Rough Terrain Forklift | 2,500 - 3,500 kg

Standard Specification

- ✓ Suspended transmission
- ✓ Overhead guard
- ✓ Suspension seat
- ✓ Return oil filter
- ✓ Large capacity aluminium radiator
- ✓ Air filter
- ✓ Warning lamp
- ✓ Cover for tilt cylinder
- ✓ Reversing grip assist
- ✓ Wide fork carriage
- ✓ Wide load backrest
- ✓ LED work lights
- ✓ L/R mirrors
- ✓ Operator presence system with seatbelt sequencing
- ✓ Side-shift

Options

- ✓ Full cabin with air-conditioning and heater
- ✓ Front window
- ✓ Custom paint job
- ✓ Triplex wide view free-lift mast

New LED lights provide superior and longer illumination whilst reducing energy consumption

Optimised structure design offer improved visibility and easy entry into pallets

The newly designed steering wheel, braking system and easy to use levers provide complete operator handling control

Quick easy to open hooks provide access to the engine compartment

Large and spacious cab has left and right grab handles with wide openings for easy access

LS-RT25-35

Two-Wheel Drive Rough Terrain Forklift | 2,500 - 3,500 kg

Specification

Distinguishing mark	1.1	Manufacturer		LIFTSMART		
	1.2	Manufacturer's type designation		LS-RT25	LS-RT30	LS-RT35
	1.3	Drive: electric (battery or mains), diesel, petrol, fuel gas		Diesel	Diesel	Diesel
	1.4	Operator type		Seated	Seated	Seated
	1.5	Rated capacity/rated load	Q (kg)	2500	3000	3500
	1.6	Load centre distance	c (mm)	500	500	500
	1.8	Load distance, centre of drive axle to fork	x (mm)	585	600	600
	1.9	Wheelbase	y (mm)	1880	1880	1880
